

Notes:

- Use this form to declare compliance with the 1 July 2023 update to the [Cradle to Cradle Certified Products Standard Version 4.0 Restricted Substances List \(RSL\)](#).
- The previous versions of this form are required for use when declaring compliance with previous versions of the RSL:
 - [2021 RSL Declaration](#) – to be used with the [2021 RSL](#)
 - [2022 RSL Declaration](#) – to be used with the [2022 RSL](#)

1. SUPPLIER INFORMATION:	
Company Name:	
Address:	
Contact Name:	
Contact Title:	
Contact Phone:	
Contact Email:	

2. MATERIAL INFORMATION:	
Material Name:	
Material Number:	
Material Type:	
Affiliated Part / Material / Product Name*:	
Affiliated Part / Material / Product Number*:	
Affiliated Part / Material / Product Type*:	

*If applicable; Note that a separate declaration must be provided for each homogeneous material in the supplied part, material, or product.

3. SELECT ALL APPLICABLE MATERIAL AND PRODUCT TYPES*:	
	Core List for All Materials in All Products
	MATERIAL TYPES:
	Biological and Environmentally Released Materials
	Textile Materials
	PRODUCT TYPES:
	Children's Products
	Formulated Consumer Products
	Footwear Apparel & Jewelry Products
	Cosmetics and Personal Care Products

*See full descriptions of material and product types in the Cradle to Cradle Certified Restricted Substances List (RSL) Reference Document.

4. INDICATE WHETHER OR NOT LISTED CHEMICALS ARE PRESENT

	<p>Check this box if NONE of the chemicals on the lists selected in STEP 3 from the Cradle to Cradle Certified Products Standard Version 4.0 Restricted Substances List (RSL) - Effective July 1, 2023 (available at: https://api.c2ccertified.org/assets/ref_restricted-substances-list-(rsl)_final_070123.xlsx) have been intentionally added to, or are a known contaminant in, the homogeneous material.</p>
	<p>Check this box if ANY of the chemicals on the lists selected in STEP 3 from the Cradle to Cradle Certified Products Standard Version 4.0 Restricted Substances List (RSL) - Effective July 1, 2023 (available at: https://api.c2ccertified.org/assets/ref_restricted-substances-list-(rsl)_final_070123.xlsx) have been intentionally added to, or are a known contaminant in, the homogeneous material.</p> <p>If selecting this option, please indicate the name, CASRN, and concentration of all listed chemicals contained in the material in the space below (provide additional forms if necessary):</p>

Note: An appropriate company representative with the relevant knowledge of product and material composition, responsibility, and authority must sign. Physical signatures, electronic signatures, and typed signatures are all accepted.

5. ATTEST TO THE INFORMATION PROVIDED

I attest that I am the person named below, and that the information provided in this declaration is complete, true, and accurate to the best of my knowledge.	
Signature:	
Date:	
Print Name:	
Job Title:	

Suppliers may alternatively use the checklist in Section 6 when providing a statement of conformance in their own format.

6. Checklist for Suppliers Unable to Sign C2CPH Documents	
<p>Companies that are unable to sign this Cradle to Cradle Products Innovation Institute (C2CPH) form may instead submit a statement of conformance in their own format.</p> <p>The statement must contain the same information that is requested on this C2CPH form for the applicable chemical restriction list(s) and be printed on the supplier's company letterhead. A checklist is provided below to ensure that all the necessary information is included. C2CPH will review these documents to ensure that all required information is provided.</p>	
Letterhead:	<input type="checkbox"/> The declaration must be on company letterhead and must contain basic company information (e.g., company name, address contact information, logo, website).
Supplier and Material Information:	<input type="checkbox"/> Supplier information must be provided: Contact name, title, phone number, and email. <input type="checkbox"/> Material information must be provided: Material name, number, type, and affiliated part, product number, and product type.
Chemical Lists:	<p>The applicable chemical list must be referenced:</p> <input type="checkbox"/> The "Cradle to Cradle Certified Product Standard Version 4.0 Restricted Substances List (RSL)" <p>AND</p> <p>When declaring conformance with the 1 July 2023 update to the Cradle to Cradle Certified Product Standard Version 4.0 Restricted Substances List (RSL), the core list and any applicable supplemental lists must be referenced:</p> <div style="margin-left: 20px;"> <input type="checkbox"/> Core List for All Materials in All Products (conformance is mandatory for all products) <input type="checkbox"/> Biological and Environmentally Released Materials <input type="checkbox"/> Textile Materials <input type="checkbox"/> Children's Products <input type="checkbox"/> Formulated Consumer Products <input type="checkbox"/> Footwear Apparel & Jewelry Products <input type="checkbox"/> Cosmetics and Personal Care Products </div>

Continued on next page...

<p>Declaration of Conformance:</p>	<p>A declaration must be made using the required language from the C2CPH form:</p> <p><input type="checkbox"/> “NONE of the chemicals on the 1 July 2023 update to the Cradle to Cradle Certified Product Standard, Version 4.0 Restricted Substances List (RSL) have been intentionally added to, or are a known contaminant in, the homogeneous material.”</p> <p>OR</p> <p><input type="checkbox"/> “Chemicals on the 1 July 2023 update to the Cradle to Cradle Certified Product Standard, Version 4.0 Restricted Substances List (RSL) have been intentionally added to, or are a known contaminant in, the homogeneous material.”</p> <p>If selecting this option, the supplier must indicate the name, CASRN, and concentration of all listed chemicals contained in the material.</p>
<p>Attestation and Signature:</p>	<p><input type="checkbox"/> Use the attestation language from the C2CPH form: “I attest that I am the person named below, and that the information provided in this declaration is complete, true, and accurate to the best of my knowledge.” Equivalent attestation statements may be used if approved by C2CPH. C2CPH will reject statements that do not match the intent of the approved language.</p> <p><input type="checkbox"/> An appropriate company representative with the relevant knowledge of product and material composition, responsibility, and authority must sign the document. Physical signatures, electronic signatures, and typed signatures are acceptable.</p>
